

# MUSIC FROM THE WESTERN RESERVE

June 20, 2021

Dear Terry and Oleg,

It was such a pleasure to welcome you to a virtual performance for Music from The Western Reserve—it was an incredible performance indeed, even during the changed times and circumstances. I can say without hesitation that this was one of my favorite performances that we have ever presented during my time running the series. I ended up watching it not once or twice, but eight times. Your incredible commitment, talent, commentary, and humor were simply unforgettably special. I look forward to not only the next time I can hear you—this time in person—but also to presenting you on our series again before a live audience. Thank you for bringing a unique and exciting musical presentation to our region. It was a pleasure and an honor.

Warmest wishes,
